

## INDEX to VOLUME LVIII

### HOW TO USE THIS INDEX

This index is divided into two sections:

#### (a) *Alphabetical Section*

Material is listed here by title, authors' last names, and topic. Many topic entries refer you to the Classified Section where you may be able to find related items by glancing at neighboring classes.

#### (b) *Classified Section\**

Here entries concerning the same or related topics are grouped together, or near to each other, to encourage "suggestive browsing" and refer you to the *subject matter* of Articles, Reviews, Notes, and Bibliographies.

Each entry may appear more than once in the Classified Section. Thus, for example, the article "*The Limits of Self-Determination: The Case of the Katanga Secession*," by René Lemarchand, which appeared in the June, 1962 issue of the REVIEW appears in the following classifications:

AA1	Methodology—Case Studies
B436	Comparative Government—Africa—Katanga
D211	International Law—Secession
D610	International Law—United Nations
FS06	Election Returns
